Dear Terry,

I hope you got my
last letter all right. I hope
the weather is improving at
home as according to letters I
got it seemed to be raining
a lot. Did you have any
holidays ~~this~~ year yet? I
had a letter from Dan

great guns in Football. We
are having a fairly quiet time
here, though regularly every
evening about tea time the Jukes
send across a few shells.
These do little damage, except
to knock down a few sand
bags. It looks like a winter
campaign here, but you never
know what's going to happen.
Remember me to Eliza.

Dear Mother,
I suppose you
will be surprised when you
see my letter. We are in
the Bay of Biscay now & the
ship is rattling all over the
place. We expect to reach
Southampton about Sunday
next & are on the J. station
Genoa. I was suffering from
Debility & was sent to Malta.

There was not very much wrong

when after a few days at
Malla I was told I was for
England. I don't know where
I am going to yet. Perhaps
if I mentioned Terry I might
get spending convalescent

time at home. I shall tell
you know future address
as soon as I know it.

I have not got a cent, & we get
no money till we are going home.

to see you are invited
here. It's like Heaven
after the Peninsula. We
are not allowed outside the gate,
but you can buy chocolates etc.

the shaving kit, etc. as I lost everything
before coming away. Don't forget

I'm gone to Convolet P. Home

sent after you. It's
it likely. Hoping to see you
all soon Best Love
